

PROTECTING HOMES FOR OVER 20 YEARS

Since 1992, Protect America has secured over half a million homes and continues to grow into one of the top home security companies in the United States. Protect America started as a small home security company and has become one of the fastest growing home security companies in America with customers coast to coast! Protect America, Inc. has protected nearly half a million families nationwide and is ranked in the top 10 of residential home alarm systems installations.

WHAT WE OFFER

-  WIRELESS HOME SECURITY SYSTEMS
-  LIFE SAFETY
-  ENERGY MANAGEMENT
-  HOME AUTOMATION APP
-  GPS TRACKING

MONITORING

LANDLINE

Using a standard telephone line, your panel directly contacts our monitoring station in time of trouble or alarm and dispatches emergency.

BROADBAND

No phone, no problem! Using your broadband modem or router, your alarm panel contacts our monitoring station and dispatches emergency in case of trouble or alarm.

CELLULAR

The alarm panel is built with a GSM cellular device that directly contacts our monitoring station in case of trouble or alarm.

 **GE Security**
Authorized Dealer

Available Security Equipment

- A Door & Window Sensor**
Door/window sensors will alert you anytime a door or window is opened.
- B GE Simon XT**
The control panel for your security system, the GE Simon XT is a full-featured security platform that includes an internal siren, battery backup, and a door chime.
- C Smoke Detector**
Save your home without being home. If your monitored smoke detectors identify smoke or rising temperatures, our monitoring facility alerts your local fire department. Monitored smoke detectors work even if your system isn't armed.
- D Motion Detector**
Using body heat and movement, motion detectors keep burglars from moving freely around your home. Won't detect animals under 40 pounds!
- E GE Simon XT Touch Screen**
A great way to make home security fun and easy! The Simon XT Touch Screen provides a simplified user experience with a full-color LED screen and an intuitive interface.
- F Glass Break Sensor**
Glass break sensors detect the unique frequency of breaking glass. Great for rooms with permanently closed windows!
- G Interactive Video Camera**
Get security you can see with interactive home video! Make sure your home is safe with your own eyes from anywhere in the world.
- H Garage Door Sensor**
The garage is an often overlooked aspect of home security. Keep thieves away from your power tools and car with our garage door sensor that wirelessly detects the tilt of your garage door.
- I Keychain Remote Control**
Easily activate your security system from inside or outside your home. Our keychain remote control also includes a panic button in case of emergency.
- J GPS Vehicle Tracking**
The perfect solution for the parents of teenage drivers, GPS vehicle tracking provides alerts whenever your vehicle exceeds a certain speed or enters a specific geographic area.
- K Solar Yard Sign Light**
Shed some light on your security with a solar yard sign light. This handy accessory deters burglars at night by drawing attention to your Protect America yard sign.
