Z-Wave Appliance Module

Forget to turn off the lights when you leave the house? No problem. You might even want to turn them on to make it seem like someone's home. Let's face it - you're smart like that. With the Z-Wave Appliance Module you can control lights and appliances from anywhere at any time. Our free SMART Connect app allows you to access the module and gives you complete command of your home's lighting.

- Enables wireless control of on / off functions for all of your lamps and small appliances
- Small size allows you to plug into a wall without blocking the second plug

Z-Wave Door Lock

More convenient than a key! This ultra-useful technology is the interactive way of controlling access to your home. Input your code for instant access and pass a hand over the touchscreen to lock your door. Never be locked out again! Open your door without fumbling for keys or take the dog for a walk without bringing any. Even better - control the lock from your smartphone, tablet or computer no matter where you are.

- Keyless entry
- Multiple code touch screen
- Interactive smartphone and tablet connectivity
- Never be locked out of your home

Get The New Touch Screen Z-Wave Door Lock
visit: www.protectamerica.com

Smart Connect App

The Smart Connect™ App allows you to control your appliances, locks and home security system from your smartphone.

Z-Wave Indoor Siren

- Creates audible and visual alerts that will deter unwanted guests
- The siren can be activated straight from your smartphone
- **Operational In 3 Modes:**
Siren only, strobe only or strobe and siren mode

LIFE SAFETY

PULL DOWN TO
OPEN YOUR MIND

Carbon Monoxide Detector

- Alerts you of dangerous levels of Carbon Monoxide (CO) in your home
- Electrochemical sensing technology
- Any heat producing item can produce CO – even your gas or propane powered hot water heater
- Carbon Monoxide is a colorless, odorless and tasteless gas that is harmful to you and your pets.

Monitored Smoke Detector

Protect America Smoke detectors are not only wireless - but communicate directly with a monitoring station in the event of fire. Concentrate on your safety and that of your family, because the authorities will have already been notified. Powerful heat and smoke detection capabilities make this device absolutely essential for the safe home.

Monthly Monitoring
starting as low as

\$ 9⁹⁹

SMART CONNECT

PULL DOWN TO
OPEN YOUR MIND

Get Smart with SMART Connect™

Interactive technology is the future! Thankfully, it's already here with home security. Experience ultimate control and peace of mind with the ability to arm and disarm your home, view live video, and even get text messages if there is a problem - all on your phone with our free SMART Connect app!

Included with your
Cellular or Broadband
Home Security System

Security System Control

Use your smartphone to arm, disarm, and view the status of your alarm system easily in real time.

Live Video

Keep an eye on your home from anywhere in the world with live video. (Video Service Required)

Home Automation

Home automation lets you control lights and appliances from your phone or computer.

“ SMART Connect is a great app. I can arm and disarm my system from my tablet while I am away from home. There is also a history icon which I can view all armed or disarmed activities. ”

Yunni
★★★★★ Seattle, WA

SMART Connect App

The Smart Connect™ App allows you view history of live video feed straight from your phone. This is great for having live documentation of when or if an incident occurs in your home.
